High Performance Products (ie: Pulling Tractors & Pulling Trucks)

DCI does not warranty any modified high performance (any product modified 10% or more) tractor or truck pump, injector or turbo.

Customer acknowledges the installation of performance products may reduce or void the engine warranty.

Diesel Controls is not responsible for subsequent damage of any kind caused by any pump, injector or turbo that has been altered from original factory settings.

I, _____, the undersigned, in consideration of the above information regarding high performance products, certify that I have read and fully understand the information. It is further understood and agreed that in consideration of the potential risks associated with high performance products, I hereby release and relinquish all rights to submit claim from Diesel Controls Inc in the event of any and all subsequent trouble or expense that may be incurred due to the result of my choice to obtain high performance product(s) from Diesel Controls Inc.
